## WOODMAN HALL BURNED

### Greensboro Bend Suffers Severe Fire Loss Saturday

The M. W. A. building at Greensboro Bend, owned by R. A. Ritchie and comprising the hall upstairs and three tenements beneath, occupied by A. G. Cox and Frank Willey, was destroyed by fire about 6:30 o'clock on Saturday evening. The cause of the fire is thought to be an over-heated stove in the hall, a fire having been built to warm the hall for the moving picture show in the evening.

Mrs. Cole's house close by and the M. E. church both took fire several times but by hard and persistent work it was put out. We were all very thankful it was no worse. The people of Greensboro Bend all feel very grateful to those from miles around who came to help and worked so hard to get the flames under control.

The tenants saved most of their goods but the hall fixtures and the machine of Mr. Collins were all burned.

It is understood that Mr. Collins had no insurance but the building was valued at \$5000 and was insured for \$2900.
